Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *Householders' Directory* including a *Street and Avenue Guide*. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *Classified Business Directory* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5

A *Statistical and Historical Story* of your city; plus miscellaneous other information.

INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1960 edition of the Benson City Directory, which also includes the rural route residents.

This is the first Hill Directory of Benson, and is completely standardized according to the policies and practices of the association of North American Directory Publishers.

Confidence in the growth of Benson's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Benson to the world.

The enviable position occupied by Hill's Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the results of their labors will meet with the approval of every user, and that the Benson Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Benson, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major de-

partment, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Benson and the automobile owners living on rural routes, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Benson and vicinity.

There are more than 700 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated, and of which Hill Directory Co., Inc. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Geography and Population

Benson, incorporated in 1887, is located in the southwestern section of Johnston County. It is considered a part of the Coastal Plain area of eastern North Carolina, although the section in which Benson lies merges with the Piedmont area of the state. Elevation of the town is 150 feet. Raleigh is only 31 road miles away.

The town's population was listed by the 1950 census at 2,102. Population of the community including residential areas adjacent to the town is now estimated at 3,000.

Approximately 89.7 percent of the population is native born white and approximately 10.3 percent is native born negro.

Agriculture and Climate

Benson lies in the heart of a rich farming area that is especially well suited for the production of tobacco, cotton, corn, hay crops, pasture crops, sweet potatoes and vegetables.

Benson is considered the largest sweet potato market in the world. Increasing interest is being shown in livestock and poultry production.

The average yearly rainfall is 48.19 inches. The growing season is approximately 220 days. Mean annual temperature is 60.8 degrees, ranging from 42.7 degrees in January to 79.2 degrees in July.

Educational Facilities

Benson has 3 school buildings with enrollment totaling approximately 1,350. 50 full time teachers are employed in Benson.

In addition to school libraries, the town has a public library with a full time librarian. There are 5,000 volumes in this library.

Campbell Junior College, a co-educational institute, is located only 12 miles from Benson. North Carolina State College, Peace Junior College, Saint Mary's College, Meredith College, Saint Augustine's College, and Shaw University are located in Raleigh, a distance of only 31 miles. The University of North Carolina, Duke University and Wake Forest College are within easy reach of Benson.

Labor Supply

Figures released by the North Carolina Employment Service show that this area has an estimated 3,510 labor force available for employment by industry.

Local Aid To New Industry

As a part of its program to encourage the development of new industry in this area, the Benson Chamber of Commerce offers aid in locating suitable sites and in negotiating for the construction of buildings.

Industrial Opportunities

Benson affords excellent opportunities for manufacturers of wood products and furniture who seek a location near raw material sources. The area has an abundant supply of hard and soft woods and a labor supply that is skilled in the processing of forest products.

Food processing plants are notably lacking in this area, although production of sweet potatoes, corn, vegetables and other edible products is high and acreage is available for expansion.

Raw materials in the form of cotton seed, corn and other grains are available for high protein livestock feeds. Feed mills located here would have the advantage of proximity to both raw materials and a wide market.

This area uses a large amount of tobacco bed canvas and tobacco twine. Textile manufacturing concerns would find a ready market for these and other cotton products in Eastern North Carolina.

Benson has seven manufacturing firms at this time. The largest is Southland Manufacturing Company, a shirt manufacturing plant. This plant employs approximately 300 persons. Two lumber manufacturing firms in Benson produce an estimated 5,000,000 board feet of lumber annually. The Benson Veneer Company manufactures veneering, and plywood. The Benson Feed Mill produces feeds for livestock and poultry consumption. The Bryant Candy Company manufactures various types of candies. Their specialty being peanut candies. The Benton Card Company is the foremost printer in the south of window cards, programs and heralds. Their shipments go all over the country.

Town Government

Benson is governed by a Mayor and four Commissioners who are elected biennially. The Mayor's office, the fire Department are located in a modern two-story municipal building, which has office space, a library and a large Court Room on the second floor.

The town tax rate is \$1.50 per \$1.00 valuation. The total assessed value of taxable property in Benson is \$2,663,566.00. The basis of assessment is approximately 30 percent of estimated value. Benson has a bonded indebtedness of approximately \$74,500.00.

Fire protection is provided by a modern fire department staffed by 20 volunteer firemen. The department has two trucks, and complete auxiliary equipment. The water pressure is 55 pounds and the insurance rate is NB 8.

Police protection consists of a force of 5 officers. This department is equipped with the most modern equipment available.

Water facilities are excellent. The town's water supply is obtained from deep wells through pumping stations with a total capacity of 650,000 gallons per day. Average consumption is 125,000 gallons daily. Water hardness is classified as CACO3 is 65.8 parts per million.

The town has a modern sewage disposal system. The facilities are considered adequate, although plans are being formulated to increase the capacity of the present plant.

Utilities

The town purchases electric power from Carolina Power and Light Company with headquarters in Raleigh. The supply of electric power is virtually unlimited, both for commercial and industrial representative to work closely with communities seeking new industry.

Telephone service is provided by Carolina Telephone and Telegraph Company with headquarters in Tarboro. This company is continually expanding service to meet new needs.

Finance and Trade

Over 100 retail stores and service concerns employing approximately 300 persons provide Benson and the surrounding areas with ample facilities of the purchase of goods and services.

Benson is served by one commercial bank, a unit of First-Citizens Bank & Trust Company with total resources of more than \$237,702,864.19.

The community is served by one of the nation's most progressive weekly newspapers.

Churches and Civic Clubs

Benson is served by 10 Protestant and 1 Catholic Church.

The civic organizations include a Junior Chamber of Commerce, Lion's Club, Woman's Club, Kiwanis Club, and a Key Club for teenage boys.

Other organizations include: Public Library, Kindergarten, American Legion and Auxiliary, Junior Order, Masonic Order, Eastern Star, Explorer Post, Boy Scouts, Girl Scouts, Cub Scouts, Brownies, Woodmen of the World, Parent-Teacher Association, Ministerial Association and a Chamber of Commerce.

There are a number of social clubs including the Garden Club, Modern Study Club and Teenage Club.

The civic, veterans and social organizations work together very closely in promoting progress through joint and co-operative action on the part of its member organizations.

A community center building is in the planning stages for the use of civic and social organizations and for public meetings.

A National Guard unit is located in Benson and a site has already been secured for the erection of an Armory Building. Construction will begin very soon.

Medical Services

Benson is served by two modern hospitals. Johnston Memorial at Smithfield, the county seat, is 18 miles away. This hospital has 200 beds. Betsy Johnson Hospital at Dunn is 7 miles away. This hospital has 87 beds.

In addition, three medical doctors, two dentists and one optometrist are located in the town.

There are three drug stores operating in Benson.

Transportation

Benson is located on U. S. Highway No. 301, a major artery for the north and south traffic. U. S. Interstate 95, passes through the eastern edge of town. N. C. Highways 27, 50 and 242 also intersect the town.

Adequate railroad, passenger and freight service and Railway Express service are provided by the Atlantic Coast Line

Railroad Co. Their main north and south line passes through Benson. Three bus passenger lines serve Benson: the Atlantic Greyhound line, the Carolina Coach Company and Seashore Transportation.

The town and county are served by a number of roadway express companies with daily pick up service.

Daily air passenger and air freight services are available at the Raleigh-Durham Airport, 35 miles away.

Recreation and Amusements

Benson has three parks and three theatres. A modern nine hole golf course together with a swimming pool is located in the immediate vicinity. On the last Saturday and Sunday in June an international singing convention is held in Benson. This event attracts thousands who come to hear old time and modern singing. For 3 days in September a unique event is held called "Mule Day." As many as 40,000 visitors have come to witness this entertaining spectacle.

Hotels and Motels

There are two hotels in Benson with 40 rooms available. There are also five motels with 30 rooms.

When folks are seeking "Southern Hospitality" at its best, they should come to Benson.

Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Out of Sight • Out of Mind
 ★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

HILL'S BENSON CITY DIRECTORY 1960

Including The Rural Route Residents

Copyright, 1959, by Hill Directory Co., Inc.

For List of General Abbreviations see opposite page

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows; Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows; Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows; Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows; Carson Grocery Co. (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows; Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

Out of Sight - Out of Mind

Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.
INSIST ON BEING WELL REPRESENTED IN ITS PAGES.

HILL'S BENSON

Directory of Householders, Occupants of Office
Buildings and Other Business Places, Includ-
ing a Complete Street and Avenue Guide

1960

Copyright, 1959, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the numbers is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices, the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes nor responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

WHY A YELLOW PAGE SECTION?

***It is customary to include a Yellow Page Section in the City Directory because:**

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

The Yellow Page Section is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED.

A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** — aims to inform the consumer and help him to buy more intelligently.
2. **Good Advertising** — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **Good Advertising** — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **Good Advertising** — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

as to dependability, stability, etc.

SELLING *(Including market analysis and sales promotion)*

Locating new markets.

Maintaining up-to-date mailing lists.

Analyzing the buying power of a community or street.

Routing salesmen to avoid lost motion in reaching
prospects.

Locating residents of hotels and apartment buildings,
many of whom are listed nowhere else.

Identifying names and titles of officials, for use of sales-
men.

CREDIT REFERENCE *(and Collections)*

Running down delinquent debtors.

Checking credit applications as to address, moving habits,
names of employers, stability of employment, family
status, neighbors, whether owner or renter, etc.

Identifying persons of same or similar names.

Investigating cases in welfare, charitable, social service
and legal work.

DELIVERY *Communication, Mailing, Etc.*

Routing deliveries.

Reducing dead letters and insuring more complete de-
livery of mail.

Effecting delivery of messages and parcels erroneously
or defectively addressed.

Correcting names and titles.

LAW ENFORCEMENT *Criminal Detection and Apprehension*

Tripping bad-check passers.

Deciphering illegible signatures.

Guarding against habitual bill dodgers.
